Very Well.

I should have you something by the end of the day. At least the TTPC Method we are using. I am waiting on a sample location map for the sample results to assist it reviewing it as well. As soon as I have that I can get you the first package of sample results.

Thank you,

Subject: RE: TTPC Data Package

Good Morning Mr. Swearman,

I have a partial package under review and was told the remainder of the data would be available to me next week. I was waiting to provide everything in one package but I can provide individual packages as they come through review. Let me know what would be your preference.

Thank you,

Subject: TTPC Data Package

Mr. Justice,

During our last meeting on 8/25, you noted that the EPA would be soon distributing a data package with information regarding the TTPC analytical method and results.

Do you have any updated schedule guidance for distribution of this package?

Thank you.
